Welcome aboard MV Champagne, charters with personality and feeling!

Have you coincided the possibility of Private Charter? Private Charters with MV Champagne is an affordable luxury and a memory of a lifetime.

MV Champagne is in many ways a dream come true. After renting a boat during our first years of business we took the time to listen to the thoughts and wishes from our guests onboard of what they found important on a boat. We decided, instead of buying a boat, to build a boat that would suit all ages. A boat with open spaces, but still cozy and with plenty of areas to relax. In autumn 2010 we found a traditional Thai fishing boat and rebuilt her from hull up. Many hours of hard work was definitely worth it. The result; a 20 meter long wooden boat that has all the amenities you could wish for. Cozy living areas both indoors and outdoors, open space with panoramic ocean views, a large sundeck with lovely seating and lounging areas, modern bathrooms and a wonderful atmosphere. We have a kitchen on board and we receive compliments daily for our food and drinks served.

On our charters, our boat is an incredibly popular part of the day. We cruise at a pace where you have time to see and experience nature under and above the surface. Aboard MV Champagne, you have time to socialize and relax together between snorkeling and swimming. With us you can leave all worries behind and lean back for a day filled with experiences and memories. Find the right charter for you in our program, or contact us with your personal requests. We proudly welcome you aboard and promise to give you the best day of your Phuket holiday!

Welcome aboard!

Phang Nga Bay

ITINERARY

- 09:00 LEAVING AO POR PIER
- 09:30 BREAKFAST IS SERVED
ONBOARD
