The islands everyone's talking about An experience with that little extra.

Join us on tour to the views you have dreamed of. Since the Phi Phi Islands were discovered as a tourist destination of backpackers in the 70's, their fame has grown as fast as is deserved. A more magnificent tropical setting is hard to find, rainforest clad mountains, charming fishing villages and serene palm-fringed beaches as far as the eye can see. The amazing life beneath the surface attracts tens of thousands of snorkellers year after year.

Our Phi Phi tour is a relaxed cruise to the world famous islands with wonderful scenery both above and below the surface. We give you a full day of cruising in lovely settings, cool snorkeling experiences and exciting stories for those who want to know more about Phi Phi and Thai traditions.

PRICE adult 3500 THB / child 1750 THB / Children under the age of 4 FREE!

See you on board!
